PERSONAL STATEMENT

Computer Science undergraduate with strong foundations in C, C++, Java, SQL, DSA, and Database Systems.

Technical Skills

Programming Languages: C, C++, Python, Java, JavaScript

Full Stack: React.js, HTML, CSS, Node.js, REST APIs

Concepts: Object Oriented Programming (OOP's), Computer Networks

Databases: MongoDB, SQL, Supabase

Tools: Git, GitHub, Linux

Projects

Truely | live React.js, Python, FastApi, Supabase

January 2026 – March 2026

- Built a full Developed ML-based Fake Job Detection web application.
- Implemented a machine learning model to classify job postings as genuine or fake
- Developed in-browser code execution and AI-based code analysis for optimization.

HealthCare | live React.js, Node.js, Flask, Python, MongoDB, RESTful APIs.

March 2026 – June 2026

- Developed a Smart Healthcare Monitoring and Predictive Care System
- AI-based disease risk prediction, online doctor appointments, personalized diet and exercise recommendations, and an AI health chatbot.

IoT-Based Line Following Robot | Arduino, IR Sensors, Embedded Systems

Sep 2024 – Nov 2024

- Led a team of 5 to develop IoT-Based Line Following Robot.
- Implemented sensor-based motor control logic to enable real-time navigation along predefined tracks.
- Collaborated with a team of 5 to assemble hardware components and test robot performance under different conditions.

Achievements

Hackathons & Competitions: Participated in CodeWars coding competitions twice, securing Top 15 rank in one event and Top 10 rank in another. Also participated in the Codeathon programming competition and earned participation certificates.

Technical Certifications: Completed certification programs from Infosys Springboard and Alison, covering programming and emerging technology concepts.

Learning & Development: Regularly participate in coding competitions, hackathons, and certification programs to strengthen programming, problem-solving, and technical skills

Education

Chitkara University

Bachelor of Engineering in Computer Science and Engineering

Graduation: June 2028

CGPA: 8.59 / 10

The Magnet Public Sen. Sec. School, Hamirpur

Class X

2021 – 2022

93.4%

The Magnet Public Sen. Sec. School, Hamirpur

Class XII

2023 – 2024

83.4%
